

\*\*\* UPDATES COMING TO THE GMVEMSC Database\*\*\*

The Education and Standing Orders committees are working to update the functions of the database to make it more user friendly. The goal is to have this process completed prior to 2020 Protocol testing.

Department Administrators- Please make sure that all members have an active account in the database with a valid accessible email.

Proctors and Skill Evaluators- Please make sure that your email in the database is valid.

Training will be available once the database is functioning properly. You may experience some issues while Paperless Health is making changes. If you have immediate needs or questions, contact:
