

# 24-Hour Emergency Care

## NOW Level III Trauma Center

Miami Valley Hospital South (MVHS) recently joined Premier Health's trauma network by earning provisional status as a Level III Trauma Center from the American College of Surgeons Committee on Trauma.

### More Than Emergency Care

As a Level III Trauma Center, MVHS provides immediate assessment, resuscitation,

and care for all forms of traumatic injury. MVHS also provides:

- Prompt availability of trauma and orthopedic surgeons as well as fully staffed operating rooms
- A comprehensive quality improvement program
- Active outreach programs for referring communities
- Continuing education for nursing and allied health personnel and the trauma team

Many critically injured trauma patients will remain at MVHS to complete their hospital stay and continue their recovery with rehabilitation. If a patient's injuries require more advanced care, CareFlight Air and Mobile Services will transport the patient to Miami Valley Hospital, Dayton's only Level I Trauma Center.

### Emergency Center of Excellence

This achievement complements MVHS's Emergency Center of Excellence designation, awarded by Emergency Excellence, an organization specializing in emergency department benchmarking.

### Premier Health Trauma Network

When patients need us most, it is our privilege to care for them.

Conveniently located in Centerville

**Miami Valley Hospital South**  
2400 Miami Valley Dr.  
Centerville, OH 45459
