

# MIAMI COUNTY'S ONLY LEVEL III TRAUMA CENTER

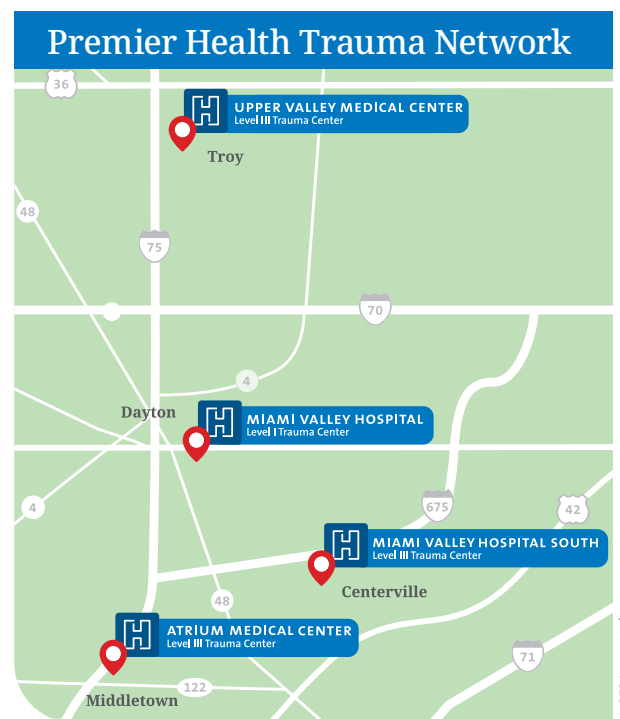

As a Level III Trauma Center, Upper Valley Medical Center (UVMC) provides immediate assessment, resuscitation, and care for all forms of traumatic injury and includes:

- Prompt availability of trauma and orthopedic surgeons as well as fully staffed operating rooms
- A comprehensive quality improvement program
- Active outreach programs for referring communities
- Continuing education for nursing and allied health personnel and the trauma team

Critically injured trauma patients often can remain at UVMC to complete their inpatient hospital stay, keeping them close to home and easing the burden on family and friends.

## Trauma Network Advantage

If a patient's injuries require more advanced care, CareFlight Air and Mobile Services provides immediate patient transport to Miami Valley Hospital, Dayton's most experienced Level I Trauma Center.
