

Temporary EMS/PD Parking

EFFECTIVE:

Tues. – Thurs., May 10 – 12 and Thurs., May 19

Due to construction to replace an air handler on the roof, emergency vehicles will not be able to park in the current location during the dates listed above.

This will not alter 911 traffic flow and only impacts private ambulances transporting patients to and from MVH.

Law Enforcement

Follow signs to the EMERGENCY parking lot. Parking will be reserved for police near the walk-in entrance.

EMS/Private Ambulances

Park in the turnaround at the hospital main entrance.
