## Official Communique

Operation Santa's Sleigh is being postponed

New Date: Wednesday, December 28, 2022

FLIGHT DELAY! Unfortunately, due to anticipated bad weather on Friday, December 23, Santa, and the North Pole Secret Service has decided to reschedule Operation Santa's Sleigh to December 28. This will in no way impact his very important work on December 24.

Santa wanted his first responder friends to be available to help everyone during the upcoming winter weather. The good news is you will still get your own special day, as Santa and all his first responder friends plan to visit you next Wednesday.

On behalf of Santa Claus, everyone at the North Pole, and Light Ohio Blue, we want to wish you and your families a very safe and joyous Christmas and will see you next Wednesday in spreading holiday cheer.
