

Premier Health thanks our EMS Care Partners!

Your dedication to patient care and your readiness to respond to every type of emergency are vital to the strength and resilience of our community. As in years past, we will be celebrating EMS Week with raffles, special food and drinks at each of the ED locations across our network. Details for each site are available from your EMS Coordinators and posted in the EMS Rooms.

With sincere thanks for a job well done,
Premier Health and the EMS Center of Excellence
