

13th Annual Premier Health Stroke Update

September 22, 2022

7:30 a.m. to 12:30 p.m.

Cox Innovation Center

1611 S. Main St., Dayton, OH 45409

Course Description

Each year more than 795,000 Americans have a new or recurrent stroke. Approximately 610,000 of these are first attacks, and 185,000 are recurrent attacks. Stroke is a leading cause of serious long-term disability and the leading preventable cause of disability. Stroke reduces mobility in more than half of stroke survivors age 65 and over. Healthcare providers need to stay current on the everchanging developments regarding the prevention, early detection and treatment of stroke. This year's Annual Stroke Update will provide information on navigating the stroke continuum of care and recovery.

Target Audience

Nurses, Physical, Occupational and Speech Therapists, Registered Dietitians, Medical Imaging Technologists, EMS providers, and other healthcare providers interested in updating their knowledge of the advances in the assessment and treatment of stroke are invited to attend. CE credits for this course are being applied for.

Topics

- Medical-Legal Aspects of Stroke Care Documentation
- Acute Stroke Management
- tPA vs. TNK
- Post Stroke Vision Challenges
- Stroke Recovery and Case Highlights

Registration
