

WATER SUPPLY TECHNICAL ADVISORY COMMITTEE

OHIO FIRE CHIEFS' ASSOCIATION

Dedicated to finding innovative solutions and best practices to support the water supply needs of the Ohio Fire Service

PREMIER • PROFESSIONAL • PROACTIVE

2023 Ohio Region 3 Water Supply Tanker Task Force Exercise

Saturday March 18, 8:00 a.m. – 4:00 p.m.

JSP Fire Station, 403 W Main Street, St. Paris, Ohio 43072

Class will begin with a classroom discussion on best practices in alternative water supply. The group will review issues with large fires in areas with poor water supply, and situations where a municipal supply is inadequate due to unusual fire conditions or loss of water pressure due to system failure or natural disaster. The afternoon will be hands-on with a water shuttle exercise. Firefighters and officers from rural to metropolitan organizations can gain and share knowledge for successful operations. The class is free, donations will be accepted for lunch to be provided on site.

RSVP is not necessary, but if you are able to bring apparatus for the exercise, contact Lee Adams for coordination at (937)418-2762 or LST325sailor@yahoo.com Ohio MARCS interoperability radio channels will be used for communications. Watch the **JSP Fire District** Facebook page for updates.
