# Montgomery County Grain Bin Rescue Training

Join us for Grain Bin Awareness training taught by the Ohio Fire Academy. This class will teach first responders about the hazards regarding stored grain including entrapments, engulfment, confined spaces, and requirements of first responders and what to do before trained help arrives. This training is open to 24 first responders per day and lunch will be provided. Registrants only are required to attend one of the three days. There is no fee to attend. Pre-Registration is required.
