

# 11th Annual — Premier Health Stroke Update

## Course Description

Each year more than 795,000 Americans have a new or recurrent stroke. Approximately 610,000 of these are first attacks, and 185,000 are recurrent attacks. Stroke is a leading cause of serious long-term disability. Stroke reduces mobility in more than half of stroke survivors age 65 and over. Healthcare providers need to stay current on the everchanging developments regarding the prevention, early detection and treatment of stroke. This year's Annual Stroke Update will provide information for application across the continuum of care.

**Wednesday, May 9, 2018**

**9 a.m. to 3:45 p.m.**

### Miami Valley Hospital

Berry Women's Center, Bieser Auditorium  
One Wyoming St., Dayton, Ohio 45409

*Lunch will be provided.*

## Keynote Speaker

Elizabeth A. Marriott, MD is a stroke neurologist at Miami Valley Hospital and serves as the co-medical director for stroke. She graduated from Stritch School of Medicine, Loyola University of Chicago in 2003. Dr. Marriott completed her internal medicine internship and residency in neurology at Stritch School of Medicine, Loyola University of Chicago in 2007.

Dr. Marriott is board certified in Neurology and Vascular Neurology. She is part of Premier Health's award-winning Stroke team.

## Target Audience

Nurses, Physical, Occupational and Speech Therapists, Registered Dietitians, Medical Imaging Technologists, EMS providers, and other healthcare providers interested in updating their knowledge of the advances in the assessment and treatment of stroke are invited to attend. CE credits for this course are being applied for through OBN, OOTA, OPTA, ASHA and ASRT.
